

# Fresh Christmas Tree Care Sheet

All cut Nordman & Noble Fir Christmas Trees are guaranteed against unacceptable needle drop. If your Nordman or Noble tree does drop an excessive quantity of needles please return your tree before 24th December and we will either replace it, subject to availability or refund your money.

## Care of Your Cut Christmas Tree

- Remove 2.5cm (1") from the base of your tree and place in a bucket of water.
- Leave outside for as long as possible.
- Use a Christmas tree stand that will hold water as well as support the tree.
- Keep topped up with water.
- Keep as cool as possible and away from direct heat and draughts.
- Delay decorating as long as possible.

## Care of Your Pot Grown Christmas Tree

- Keep compost moist but do not over water.
- Place in the coolest position possible.
- Delay decorating as long as possible, the tree should be indoors for the shortest time possible.
- May be planted outside if the ground is not frozen or potted on into a larger pot.
- Pot grown trees are covered by our 5 year hardy plant guarantee.

## Tree Recycling

Don't forget to bring your tree back to us for recycling between 7<sup>th</sup> & 31<sup>st</sup> January 2009.
